EXECUTORS' SALE.

PREFACE.

The following pages describe the collection of coins of the late R. B. Leeds of Atlantic City, N. J., whose accidental death removed the oldest resident of that city and an honored citizen.

For many years he was an ardent collector, turning his attention the last years of his life to accumulating all the examples he could of certain dates, his especial hobby being 1856 Eagle Cents of which he had 109 specimens, all of which are here offered, together with the whole of the collection except several hundred dollars worth of U. S. Silver coins which would not have paid the cost of sale.

This is the greatest opportunity Collectors have ever had to acquire an 1856 Eagle Cent and will be a source of pleasure to many. In making your bids do not think they will sell much below recent prices, as the demand is still present with no supply.

The executors order everything to be sold to the highest bidder, and I hope intending bidders will send in their highest limits so that they will not be disappointed in missing the coveted lot. When bidding please consider the following:

First. Every lot is sold as catalogued at so much *each piece*, no matter how many there are in the lot.

Second. No *lot* is separated; that is, no scarce date is sold out of a set.

Third. *Proof sets* are sold at so much *a set*.

Fourth. Examine your bids before sending them in so as to be certain that they are correct, as the bidder is held responsible for his orders.

Fifth. For executing, attending to bids and making shipment, my charge is the regular one of 10 per cent. of the amount purchased; no charge made where no purchase is effected. I give my personal attention to all bids, which will be carefully executed and the wishes of bidders gratified.

The auctioneers will execute bids free of charge, but require cash payment to be made before delivery, and do not assume any responsibility.

Every coin is guaranteed to be genuine and my guarantee holds good indefinitely.

Please send in your bids as quickly after receipt of catalogue as you can.

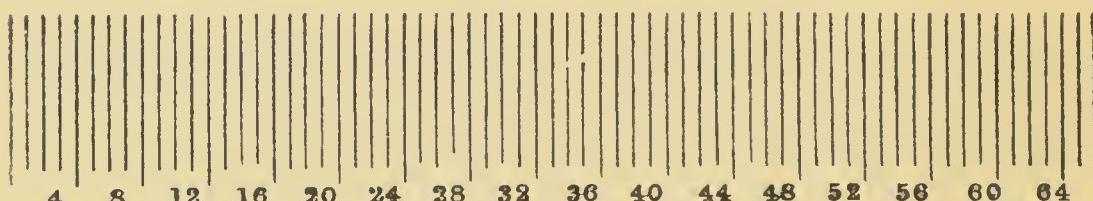

Prompt payment for goods purchased is essential, and where the bidder is unknown to me, bank reference is requested.

Catalogues with prices of what each lot brings marked in red ink will be supplied after sale for 75c. Please remit with order.

Very respectfully

HENRY CHAPMAN, JR.,
Numismatist.

1856 EAGLE CENTS.

The greatest collection ever offered of this very rare cent Mr. Leeds was a firm believer in the rarity and value of this coin and bought all that he could for many years past. The advance of the past ten years has proved his judgment to have been correct. He never to my knowledge sold a piece, and here is presented the entire holding—not a single one reserved.

Idle guessers have seen fit to circulate the report that Mr. Leeds had about 250 pieces, but he never did, and only a few months before he died, he told me he had just bought his 101st piece.

All are of the same design, with exception of last three. Arranged from finest to poorest specimen.
